

Together for Tomorrow: An NBIA Community Campaign

Sample Personal Fundraising Page

Thank you for visiting my personal fundraising page!

Together for Tomorrow: An NBIA Community Campaign is an opportunity for the NBIA community to work together to raise awareness and funds that will support the NBIA community.

This is my first time participating in a fundraising and awareness campaign and I am proud to be part of such an incredible event that raises money and awareness for such a wonderful organization, the NBIA Disorders Association. I am asking for your support, no matter how big or small, to help us find a cure for this devastating rare disease.

OPTIONAL:

{INSERT PERSONAL STORY/MESSAGE HERE ABOUT WHY YOU ARE PARTICIPATING IN THE CAMPAIGN/HOW NBIA HAS IMPACTED YOU OR SOMEONE YOU KNOW}

My personal fundraising goal is **{INSERT}**. **Your donation truly makes a difference.** NBIA Disorders Association does not receive any US government funding, and therefore relies on the generosity of individuals, corporations, organizations, and foundations to support their programs and services.

All of the money I raise will go to support the NBIA research grants program and support services for individuals and families impacted by NBIA. The overall goal for the campaign is \$135,000. If we are able to **work together** to reach this aggressive goal, the NBIA Disorders Association will be able to fund 3 research grants this upcoming year. Since 2002, the NBIA Disorders Association has funded 21 grants to qualified researchers – totaling \$868,800! Many of these grants have led to the discovery of NBIA genes and the development of animal disease models.

A little background on the NBIA Disorders Association:

The NBIA Disorders Association, founded in 1996, relies on donations to fulfill its mission. Although 250 million people worldwide suffer from rare diseases, little funding is available because each disease affects so few people. That's why many families have formed organizations, such as the NBIA Disorders Association, to promote, fund and monitor rare disease research. The NBIA Disorders Association is the only patient organization in the US dedicated to the NBIA community. To learn more about NBIA please click here: <http://www.firstgiving.com/NBIAdisorders> or visit our website at www.NBIAdisorders.org.

Many thanks for your support, and don't forget to forward this link to anyone who you think might want to donate too!

Gratefully,

{INSERT}

P.S. If you want to join my team - it's easy to create your own fundraising page and send the link to friends & family. Please let me know if you are interested and I can help you get started!

NBIA Disorders Association is a 501c3 nonprofit organization. All deductions are tax-deductible to the fullest extent of the law.
